

Memories Forever

Since 1987, Memories Forever Video Productions has been turning weddings into everlasting memories. Building on a reputation of quality and professionalism, we have since expanded to include a limousine service, a honeymoon suite, an indoor photoshoot location and two luxurious gardens for outdoor ceremonies & photoshoots.

Video Production

Since 1987, we've been videotaping weddings, graduations, school concerts, dance recitals, hockey tournaments, figure skating competitions and more! Trust twenty years of experience and allow Memories Forever to capture your wedding on DVD.

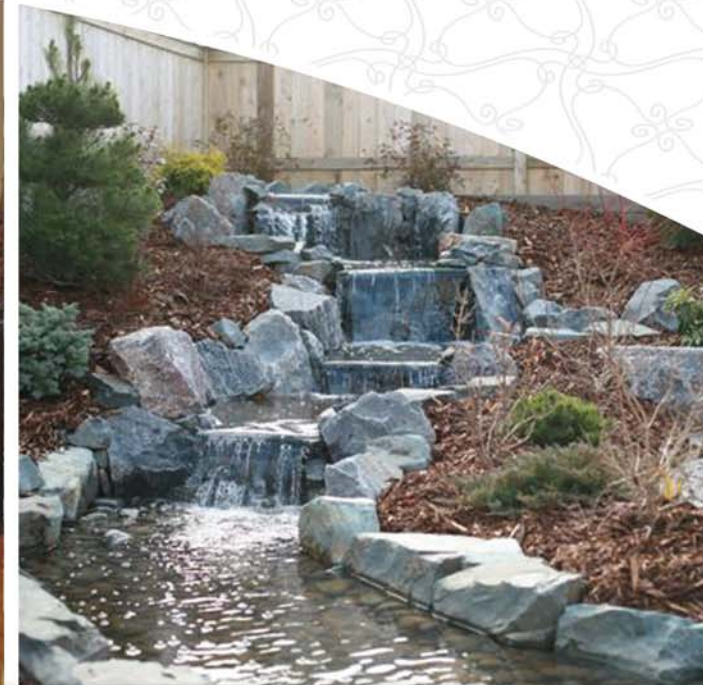

Honeymoon Suite

We have a beautiful 1000 sq. ft. suite with infloor heating, nine foot European style stone mantle fireplace, whirlpool tub, bath robes, double shower with body jets, surround sound stereo and kitchen. Plus a 1500 sq. ft. garden complete with waterfalls, BBQ and outdoor hot tub.

The Garden

Tucked away with complete privacy, it offers a unique site for an outdoor wedding ceremony and/or your wedding photos.

Pristine waterfalls and a beautifully landscaped garden with pathways will make every photograph an unforgettable memory.

Limousine Service

Take the worry and frustration out of arranging transportation for your wedding with our 10, 14 and 20 passenger limousines. They are available for stag/stagette parties, wedding day transportation and wedding night transportation to your honeymoon suite.
